Optional Access:	Amber Lens, 12/24VDC fast charger, spare batt, carry case
Warranty:	12 months

## An Outstanding Performer...

- Utilizing high-intensity discharge (HID), metal halide arc lamp, electronic ballast, and rechargeable lithium ion battery, the 24W Bazooka delivers a 1,000 metre irradiation range.
- The HID lamps are extremely efficient and produce more than five times the lumen output of filament lamps and are more rugged since there is no filament to break.
- Conveniently rechargeable from 12V or 240V chargers, with a 2 hour run time.
- Constructed from black hard-anodized cast aluminum with rubber sleeve helping to absorb shock when dropped or jarred.
- Versatility and ultra-high performance for search and rescue, SES, C.F.A, security, farmers, shooters and outdoors people.
- Imported from the U.S.A., this product has no peer.
